STDUIOS**

the hayloft

Our upstairs studio is a unique canvas, allowing your creative projects to flourish.

The room is full of various textures, with old industrial walls, floorboard cladding on one side and the original ceiling left exposed.

Six south-facing windows providing superb natural light.

Tec spec

The Hayloft is 11m x 4m.

Height varies across the space, with lowest point 2m and highest point 3m.

Sixteen 13 amp plugs and one 32 amp feed.

Blackout option.

details

the stable

Our smaller space is covered in shuttering ply making this studio a great place for brainstorming, devising and rehearsing.

The entire room can be turned into one giant pin board for your projects. Chairs are also provided.

Tech spec

The Stable is 7.5m x 3.7m.

Height of the studio is 2.4m.

Ten 13amp plugs.

Blackout option.
